*Correction.* The photo of Thomas Berry on p. 178 of our last issue (V.37 n.2-3) was used with the kind permission of 23rd Press, Mystic, CT, and should not have gone unacknowledged. Both the photo and the essay by Brian Swimme (pp. 218-224, V.37 n.2-3) on Berry's cosmology are from the 23rd Press book, *Thomas Berry and the New Cosmology*, an important dialogue between Berry and friendly critics that develops several key points discussed in our double issue.
